St. John Kan., Oct. 31.—(Special.) -- Ches-er I. Long on Saturday afternoon admad here the largest audience he ever et in this city, W. E. Stanley and I. The town has a population of nething over 800, and there were 600 ople at Mr. Long's meeting in the aftern, including about 200 Populists in the nall, while fully 200 persons went away nable to obtain entrance.

There are three periods in all life—the time of the bud of the flower and of the perfect fruit. It as thus that girlhood time of the ball of the lower and of the perfect froit. It as thus that girlhood emerges into womanhood and womanhood into motherhood. Almost all of the tills from which women suffer have their inception in weakness and disease of the feminine organism, which bears the burdens of wifebood and motherhood. These diseased is usually begin with puberty, childbirth or with the "turn of life." Thousands of women suffer slicelly for years in this way, rather than undergo the examinations and local treatment insisted upon by the majority of physicians. This is unnecessary.

An eminent and skillful specialist. Dr. R. V. Pierce, for thirty years chief consulting physician to the Invalide Heet and Surgical Institute, at Buffalo, N. Y. long since discovered a wenderful medicine that will cure all troubles of this nature in the privacy of the house. This medi-

Mr. Long in his speech of Saturday reerred to Mr. Campball and his efforts and fairly and fairly and dispassionately showed the Populists, who were there, how litle their party was to be trusted in these things. Mr. Long also read portions of the latest letters of W. F. Mr., Long said:

"I don't know how true these charges are. I wasn't at Topeka. I was elected to stay at home, and stayed. Our congressman was elected to congress and Populists say he went to Topeka and lobbled.
